[Beatrizcezon@hotmail.com](mailto:Beatrizcezon@hotmail.com)

My work for the past 25 years has revealed my passion for beauty, vibrant colors, and a deep connection with my childhood in Spain. I find myself constantly returning to bold hues, exuberant shapes and designs, and an exploration of new realities with a hint of hilarity.

Clay is my connection to Mother Earth, a magical raw material that is transformed by fire allowing me to express my feelings through volumes, colors, and textures.
