Above all, I am a passionate and unrepentant artist whose soul is happiest while creating. My artwork reflects my awe of beauty in the world. I love how a flower, a horse or a puppy can take our breath away. I am a Hopeless optimist and enthusiast of life and tomorrows - even in tough times! I enjoy painting different subjects ranging from animals to abstracts. I challenge myself to bring new and unexpected elements to my pieces.

I use mixed media, oil and acrylics to give depth and texture to my paintings. Layers of soft, translucent layers are my favorite way of adding life to my work.
