I am a painter with 40 years of experience. Focus has been landscapes, still life, and portraits. I am now exploring incorporating Zentangle art into my mixed media work. Medias that I have used are color pencils, pastels, pen, oil and acrylic paint. I love to use bright colors which allow my work to pop and enhance the beauty of my subject matter.

Floral Delight's and Bubbles' media is done with color pencil, marker and paint pens. I am excited to continue this new form along with painting the beauty of nature.
